# Anniversary Message from Welwyn Garden City Christian Spiritualist Church

Dear Members and Friends of the Church April 2020

Following the closure of our Church until further notice we wanted to link with you all and hope that you are keeping well and safe and that the beliefs which we hold dear are strengthening and sustaining you through the difficult times we are all going through.

This Sunday, 19th April, would have been such a special occasion as we celebrated the 90th Anniversary of the founding of the Church in 1930, with David Bruton, President of the Spiritualists' National Union, taking our service. We will still do this in the future when possible but in the meantime we can still celebrate by linking into our Church on Sunday at 6.30 pm to thank all the workers over 90 years who made it possible for us to worship together now in our own Church in freedom and truth on our eternal path of spiritual progression.

Our Church healing mediums are linking into the Church on Tuesdays at 7.30pm and Thursdays at 2.30pm (when our healing sessions would normally take place) to send healing and peace to all in need and to our world. Please join in with us in thought both to receive and send out spiritual healing.

You can also access without charge the SNU International website to join in their Sunday service and other events – www.snui.org.uk

Please know that we keep you all close in heart, mind and spirit until we meet again in our lovely Church, and may each one of us play our part in bringing God's kingdom of love on earth as it is in heaven. God bless you all and your loved ones.

With kind regards from
**Pat (President) and the Church Committee**
