

## Our Commitment

As breeders and owners we appreciate the importance of good breeding, sound conformation and a horse which is both physically and mentally equipped for a life in racing.

We are committed to ensuring all our horses have the best start in life, the best chances in racing, and can be easily retrained into retirement. That's why we ensure our horses get the very best from day 1.

Our on-going commitment to the thoroughbred racehorse means we look at the best breeding to suit their pedigree.

Good horses are hard to find but we think you couldn't find a better place for them than Abacus Bloodstock.

**Breeding you can count on!**

## Abacus Bloodstock

*Be part of the future—at a price you can afford*

[www.abacus-bloodstock.co.uk](http://www.abacus-bloodstock.co.uk)

# Welcome to Abacus Bloodstock

Based in the heart of the Midlands, we are a small but highly successful thoroughbred stud. Equipped with foaling boxes, large stables, secure paddocks, all-weather arena, a horse-walker and with a dedicated and experienced staff, Abacus Bloodstock have bred multiple winners.

## Breeding Share Options

You can become part of this exciting world with a choice of value for money ownership options, ranging from shares in a future foal with our **Futurity Scheme** to ownership of a successful young racehorse with our popular **ABACUS 123 Program**.

*Otherwise see our Abacus Bloodstock Racing Club brochure to enjoy low cost racehorse ownership.*

Our costs are all-inclusive and transparent so the price you pay is fixed with no further costs\*

So whether you are looking for a hobby with some financial benefits or you are a trainer, syndicate or current owner looking to breed a good racehorse without all the expense and hassle, speak to us - see back of this brochure

\*Terms & conditions apply

## Futurity Scheme

We can safely say that this is a package which never fails to deliver. For those wanting to be part of breeding future stars, this low cost option allows you to purchase up to 50% of a prospective foal.

The inclusive package includes all veterinary & farrier fees, keep fees for the mare and foal, sales preparation of the foal and your name registered as the breeder. You will receive proceeds from any sale in proportion to the shareholding and with breeders' incentives you will also receive a share of any prize money in the future.

This scheme has consistently delivered profits for share holders and allows owners to enjoy the pleasures of breeding without the large outlay or the inherent cost risks.

Our pedigree experts pick the best matings to ensure a commercially successful outcome although we can also breed to order if there is a particular pedigree you think will work.

## ABACUS 123

The **Abacus 123** scheme is designed to allow you to spread the cost whilst enjoying the benefits of horse ownership. It is ideal for syndicates and trainers as it gives you something to sell and the time to sell too! – PLUS it has the added dimension of allowing owners the chance to see their yearling grow and develop from an early stage.

### 1. Choose from our selection of well bred yearlings

Buying early means you will have a whole year to sell shares or just spread the costs.

Pay ONE THIRD of the asking price to secure your purchase – that's all you pay:

**No keep fees - No vet fees - No farrier fees\***

### 2. Decide if you want to keep your purchase or sell

All yearlings will be nominated to either the Goffs or Tattersalls Sales. Once assessed by the auctioneers you will have the choice of keeping your purchase or going to the sales. At this point you will be required to pay another ONE THIRD of the agreed purchase price. The yearling will either be entered into the nominated sale, or remain with us at the stud. You will receive 75% of all sales proceeds\* – despite only paying for two thirds of the yearling! Ideal for sales race qualification

Once again that's all you pay:

**No sales preparation fees - No ongoing fees**

### 3. Pay the final amount due

1st December you will be required to pay the remaining ONE THIRD of the agreed purchase price (unless you decided to go to the sales (see step 2 above). Ownership will transfer to you and the horse will be released for pre-training or can remain with us until the New Year.

***Keep fees will be charged from 14th December but as a valued customer this is just £12 per day! We will even include FREE transport (up to 150 miles) to deliver the horse to your chosen trainer.***
