ABOUT ME

I am married with three grownup children who have now left home, four grandchildren, and am retired. I live five miles from the Brentwood Tennis Club have taught P.E. which includes swimming for more years than I care to remember. In the past I have taught swimming at an E.S.N. school, a swimming club (where I also coached) and at a Life Saving Club when I was also an External Examiner. I have always been interested in playing sport from hockey, netball, athletics and tennis, excelling at netball where I played at National Level. Played tennis and represented in teams at five local clubs until recently when I had a knee replacement. I have been a member of the Brentwood Tennis Club for over 20 years and have served the Club in several different roles and have been a Committee Member for much of that time where at the moment I hold the posts of Social Play Organiser and Child Protection Officer which now is the Welfare Officer.
