

With Abacus Bloodstock buying your next racehorse is as easy as 1, 2, 3 !

You may have sorted out plans for this season, but why not plan ahead for 2019?

Ideal for syndicates & for your wallet!

1. Choose from our selection of well bred youngstock;

From proven mares and with excellent racing pedigrees, our 2017 crop of yearlings look set for a great career on the racecourse. Buying now means you will have a whole year to sell shares or just spread the costs.

Pay ONE THIRD of the asking price to secure your purchase – that's all you pay:

- ✓ No keep fees
- ✓ No vet fees*
- ✓ No farrier fees

2. Decide if you want to keep your purchase;

All yearlings will be nominated to either the DBS or Tattersalls Sales. Once assessed by the auctioneers you will have the choice of keeping your purchase or going to the sales. At this point you will be required to pay another ONE THIRD of the agreed purchase price. The yearling will either be entered into the nominated sale, or remain with us at the stud. You will receive 75% of all sales proceeds* – despite only paying for two thirds of the yearling!

Once again that's all you pay:

- ✓ No sales preparation fees
- ✓ No transport costs to the sales
- ✓ No keep fees / vets etc. if not sent to the sale
- ✓ Ideal for sales race qualification

3. Pay the final amount due;

In December 2018 you will be required to pay the remaining ONE THIRD of the agreed purchase price (unless you decided to go to the sales (see step 2 above). Ownership will transfer to you and the horse will be released for pre-training or can remain with us until the New Year. Keep fees will be charged from 1st January 2019 but as you are a valued customer this is just £12 per day! We will even include FREE transport (up to 150 miles) to deliver the horse to your chosen trainer.

Our 123 scheme is designed to allow you to spread the cost whilst enjoying the benefits of horse ownership. It is ideal for syndicates as it gives you something to sell and the time to sell too! – PLUS has the added dimension of allowing owners the chance to see their yearling grow and develop from an early stage.
