ESSEX TENNIS

**THE REGULATIONS OF THE ESSEX TENNIS COMPETITIONS ORGANISATION
[formerly the Essex County Tennis Leagues]**

**These regulations, when appropriate, may be changed by the
ESSEX TENNIS COMPETITIONS COUNCIL [ETCC] who will formally
communicate changes to Member Organisations.**

1 QUALIFICATION TO PLAY FOR A CLUB

The ETCC shall determine all matters about the qualification to play for a club.

The qualification to play for a Club in the Essex Tennis competition shall be bona fide playing membership of such club which is restricted to members of Clubs as defined in Essex Tennis Rules 4 (b) and (c).

a Bona fide playing membership

Bona fide playing membership shall mean a player who has been a member for at least fourteen days and has paid the appropriate subscription to entitle that person full playing membership or junior membership as appropriate for at least the summer and/or winter season or other agreed period (the summer, winter or other agreed period must

be for a minimum of six months), or a life member elected after payment of a recognised commutation or in recognition of some years of service to the Club, but not a temporary member or one brought in only for specific events, or a Country member (or similar) unless otherwise agreed by the The ETCO Secretary/ETCO Seniors Secretary in writing. Such agreement will not be given unless that member lives at least 25 miles from the club and has a paid subscription of 50% or more of the full annual subscription which would apply to a person of that category.

b Club Employees

An employee of the Club shall not be so eligible unless she or he has also paid the appropriate subscription as a playing member, or who has been accorded full membership under the terms of his or her employment.

c Playing for more than one club

Players are not entitled to play for more than one club in either the Essex Open or Essex Seniors Leagues during the same season.

However, playing in these competitions does not debar a player from representing a different club in other club competitions organised by ETCO. e.g. The ETCO Summer Cup Competitions and The ETCO Winter Cup Competitions etc.

d Proprietary Club Members

Members of Essex proprietary clubs (e.g. David Lloyd) may only play for one club within the relevant group. That is to say they may elect, on an annual basis, to play either for the relevant club at which they pay their membership fee or for a different, nominated, club within the same group. If no club is nominated the player will be considered to be a member at which they pay their subscription fee.

For the avoidance of doubt, both the club at which they pay their subscription fee and the nominated club must be within the County of Essex to enable the member to play in ETCO competitions.

2 COMPOSITION OF LEAGUES

a The Open League

The Open League will be run in divisions in both a pyramid style and conventional format. The pyramid system will consist of several divisions and each division except the 1st Division may have more than one group of teams, which will be referred to as sub-divisions. The Summer League shall consist of a Men's Doubles Section and Ladies Doubles Section. Each section shall comprise divisions having a maximum of nine teams. There shall also be a Winter League with Men's & Ladies Doubles, six teams per division as far as possible. The Member Clubs at an Annual General Meeting convened under these Rules shall have the power to vary these numbers.

b The Seniors League

The Seniors League will be run in divisions and maybe in Pyramid or Conventional format. The league will consist of a Men's Doubles, Ladies Doubles, and a Men's over 55 Doubles section. Each section will comprise divisions having a maximum of 7 teams as far as possible. Each match will be played on a home and away basis.

Players become eligible to compete in the Seniors League when ladies are in their 40th year and men in their 45th or 55th year.

c League Pyramid System

A pyramid system may operate in the leagues where there is a minimum of 5 separate divisions.

- i** Clubs shall be entitled to enter one or more teams in each section, but no more than two teams of the same club shall be allowed to play in the same division. If promotion shall cause this circumstance, then the lower team shall not be promoted but the team below them shall be promoted in their place provided they have not finished lower than third. If relegation of a team would cause them to play in the same division as a lower team of the same club, the lower team shall be regarded as one of the two teams to be relegated from their division unless they were eligible for promotion; in this case, both teams would stay in their present divisions. If the lower team is already in the bottom division both teams would

then play in the bottom division, but players would not be allowed to play for both teams.

- ii Under the pyramid system, a maximum of two teams of the same club shall be allowed to play in any division or sub-division. Two teams will be relegated from Division One at the end of each season and shall be replaced by the respective winners of 2a and 2b. In respect of the Open Summer and Winter Leagues, where a club has two teams in the same division or sub-division, the first match of the season for both teams must be between each other. If due to inclement weather this does not happen then the match must be played before the respective teams 3rd scheduled match of the season. Failure to comply will result in the deduction of two points from each team. In respect of the Seniors Leagues, where a club has two teams in the same division or sub-division, the first match of the season must be between each other. If due to inclement weather this does not happen then the match must be played before the respective teams 3rd scheduled match of the season. The return match between the teams must be before 1st July. Failure to comply with either will result in the deduction of two points from each team on each occasion. However, more than two teams of the same club shall not be allowed to play in any division or sub-division. If promotion shall cause this circumstance, then the lower team shall not be promoted but the team below them shall be promoted in their place. If relegation of a team would cause them to play in the same division as a lower team of the same club, the lower team shall be regarded as one of the two teams to be relegated from their division unless they were eligible for promotion; in this case both teams would stay in their present division. If a club has teams in a division and promotions dictate that two teams from that club should be promoted, then only the higher ranked team will be promoted i.e. a 2nd team would be promoted instead of a 3rd team. This could apply if there were teams from that club already in one division higher. If the number of teams under the pyramid system is an even number this dictates there being three sub-divisions in the lowest division. In this case two teams from each of these sub-divisions will be promoted to be replaced by the lowest three teams in the sub-division of the next division above.

d Pyramid System League Changes

Under the pyramid system, The ETCO Secretary/ETCO Seniors Secretary, and/or the ETCC shall have the power to move teams between similar sub-divisions for the benefit of the League and shall decide which sub-division a relegated or promoted team may be placed into. Similarly, they shall have the power to amend the number teams in each division or sub-division

3 COMPOSITION OF MATCHES

Open Summer Men's & Ladies Doubles. Open Winter Men's & Ladies Doubles. Seniors Doubles.

Each competing team shall consist of four players who shall be arranged in pairs by their respective captains and each pair shall play against each pair of the opposing team the best of three sets. The LTA tie break will apply at 6 games all in the first 2 sets. If these sets are tied a 10-point championship tie break shall be played. If the 10-point tie break reaches 10 all then the winner must have a 2 point margin. The order of play for the first round shall be decided by lot and in the second round the pairs of the home team shall change courts to play the other visiting pair.

4 COURT SURFACES

If the courts to be used for a match are not of a uniform type of surface, the visiting Club shall have the right to insist which of their pairs shall play on which courts. This decision shall be taken before play commences.

5 ABANDONED MATCHES BEFORE FIRST ROUND COMPLETED

If the first round shall not have been completed or there has been no play due to bad weather, the match shall be deemed to be a draw unless the respective Clubs can agree a re-arranged date. Either team may concede events to complete a round. If the match cannot be played at a later date it shall be wholly replayed and any completed events in the abandoned match disregarded.

6 FIXTURES AND POSTPONEMENTS OF MATCHES

a League Match

However, if the match being given precedence to is at the home ground of the fixture and the home team is not playing in the match, the opposing team shall have the right to stage the match on their own courts on the original date.

b Fixture Lists-Open Leagues

Fixture lists for each club should be sent to The ETCO Secretary and to all opposing clubs by the 31st March for the Summer Leagues and 31st October for the Winter Leagues. It is also the responsibility of the away club to confirm a fixture with the home club in the week leading up to the arranged match. Should either the above points not be carried out then the home club will have priority in any dispute.

c Fixtures Lists-Seniors Leagues

Fixture lists for each club should be sent to ETCO Seniors Secretary and the opposing clubs by 28th February. It is also the responsibility of the away club to confirm a fixture with the home club in the week leading up to the arranged match. Should either the above points not be carried out then the home club will have priority in any dispute.

d Early rearrangements

Matches may be rearranged up to 14 days following the ETCO Fixtures Meeting. Thereafter they may only be rearranged with the consent of both Match Secretaries.

7 NOMINATION OF PLAYERS

a Club with more than one team in any Section shall nominate teams as follows:

- i** A Club with two teams shall nominate its first team, the players of which shall be the best who are regularly available to play for that team.
- ii** A Club with three or more teams shall nominate all but the bottom team in order of merit from those regularly available to play for each team. However, if a club has more than one team in the bottom division of the league, all players shall be nominated. Any player nominated shall be ineligible to play for a lower division.
- iii** A Club with two teams in the same division or sub-division must nominate players for both teams.

b Such nominations must be received by The ETCO Secretary/ETCO Seniors Secretary in writing before the first match. In the event of failure to send nominations to The ETCO Secretary/ETCO Seniors Secretary, those individuals playing in the first match shall be deemed to be nominated for that team. Thereafter, members of such teams shall be ineligible to play for a lower team except as provided in sub-paragraph (c) below.

c Any nominated player may act as a substitute for a higher team twice only without being debarred from playing or continuing to play in a lower team. Subject to sub-paragraph (d) below, any player not nominated may play for any team twice only without being debarred from playing in a lower team. Where a club has two teams in the same

division or sub-division players nominated for one team cannot play for the other team in that division, and any player who has been a substitute in one team cannot subsequently be a substitute for the other team in that division or sub-division.

- d The nominated players may be changed on giving 12 days' notice to The ETCO Secretary/ETCO Seniors Secretary and the ETCC who shall have the right to refuse to accept such alterations if they consider them unreasonable.
- e The ETCO Secretary/ETCO Seniors Secretary shall, in consultation with the ETCC, also have the right to withhold points if he/she is dissatisfied with any nominations as set out above, or if a non-nominated player appears to have been included in a lower team than seems justified by known club ranking.
- f In the event of faulty nominations as defined above, The ETCO Secretary/ETCO Seniors Secretary, in consultation with the ETCC shall:
 - i Regard all events won by player included under a faulty nomination as forfeit to the opposing side and, in addition
 - ii Deduct one league point for each occasion that a player with a faulty nomination is fielded.

8 POINTS

a **Open Summer Men's & Ladies Doubles. Open Winter Men's & Ladies Doubles. Seniors Doubles.**

One point will be awarded for each set won by both teams. [This includes the 10-point Championship Tie Break]. Two bonus points will be awarded to the team winning the most rubbers. One bonus point will be awarded if the number of rubbers won is equal. The team winning the most points in a match are declared the winners. Any rubber on the day not completed will result in one point for each team. One round on the day must be completed for the match result to stand. If no rounds are completed on the day and the match cannot be re-arranged, then each team will receive two points. One point will be deducted for teams which turn up with only one pair. If both teams turn up with one pair no points will be awarded in respect of the rubber between the missing pairs.

If these are equal, the result will be decided on the number of matches won and drawn. If these are equal the result will be decided by the result of the match between the teams. If these are still equal the result will be decided by the percentage of games won to those lost.

10 PROMOTION

Subject to the provisions of Regulation 2 above, promotion and relegation between

divisions shall be on the basis of "two up, two down" (i.e. the leading two teams in a division shall be promoted to the next higher division, while the two clubs finishing in the bottom two positions shall be relegated to the next division below). The winners of Division One shall be declared the League Champions for the ensuing year.

11 CONCESSION OF GAMES AND POINTS
