

BTC Social Play Guidelines

- On arrival find your name tag and place the tag in the 'player waiting' section on the 'Set Make Up' board.
- Unless there is a person on 'Set Make Up' duty, the player at the bottom of the 'player waiting' list is responsible for organising the next set.
- Make your choice from the five players directly above you in the waiting list.
- Be sensible in your selection. Try to make sure the set has a good balance of abilities.
- Play ONE short set
- If you reach 5-5, please play a tie break
- All players are responsible for moving their own name tags from 'playing' to 'player waiting' once they finish their set

Basic Tennis Etiquette

Always leave four balls at the foot of the net for the next match

Do not walk behind the court when a point is in play

Server to keep and call the score

Ensure the server has all four balls to hand

Don't argue over a bad call, question once - if you must - then move on!
