

Coast Lines 2003

FOR A comprehensive programme of guided walks and information about the coast and countryside of North Cornwall pick up a copy of our summer newspaper, Coast Lines.

Now in its 14th year, Coast Lines is produced by our Coast & Countryside Service for

visitors and residents. The 2003 issue includes articles on Thomas Hardy, the Bude Canal and whales, dolphins and porpoises.

Pick up a copy from NCDC offices or tourist information centres. Call Boscastle Visitor Centre 01840 250 010 to order a copy by post. Also available on our website www.ncdc.gov.uk

Partnership improves the Camel Trail

USED BY something like 400,000 walkers and cyclists each year, it's estimated that the Camel Trail brings £3 million into the local economy.

Half of the 17-mile Trail is owned by NCDC and half by the County Council. Last year we helped set up a Camel Trail Partnership to co-ordinate the management of the 17-mile route.

The Partnership's priorities in this first year have been to:

- develop a comprehensive Code of Conduct for Trail users

- consider the demand to allow horse-riding along the whole Trail
- develop a hire cycle licence policy to generate income and control cycle numbers
- manage inappropriate commercial use of the Trail

The Partnership is made up of local town and parish councils, NCDC, Cornwall County Council, the Chambers of Commerce of Bodmin, Wadebridge and Padstow, the Environment Agency, English Nature and the Forestry Commission.
